

The technical drawing consists of two views of a rectangular frame. The top view is a cross-section showing a rectangular profile with a width of 289.2⁺¹_{-0.5} and a height of 30. The bottom view is a top-down view of the frame, showing a rectangular shape with a width of 289.2⁺¹_{-0.5} and a height of 130.2^{+0.5}_{-0.5}. The frame is composed of two main parts: a top rail and a bottom rail, both with a width of 289.2⁺¹_{-0.5}. The top rail has a height of 30, and the bottom rail has a height of 130.2^{+0.5}_{-0.5}. The frame is shown with a dashed center line and corner fasteners.
