

Zelev, September 2025

Dear Valued Customer,

We're excited to announce that our **Positiv 20** product is coming back better than ever!

We've been hard at work to improve the formula. Our new formulation is designed to be even more effective, while still delivering the same great results you value.

Visually the development colour is changed from Blue to a dark green finish, however the development process remains unchanged as it's described in the TDS.

The new product is expected to arrive in **December '25**.

Phased out			Replacement		
Code	Description	Sales ref	Code	Description	Available from

Thank you for your patience and continued support. We can't wait for you to experience the new and improved Positive 20.

If you have any questions or concerns regarding this change, please do not hesitate to contact our customer support team.

Hoping having informed you sufficiently,
Yours sincerely,

Kjell Roels
